Addition to Scope of Work

A qualified person will carry out an inspection within 7 days of completion of work. Any deficiencies from the verification are the responsibility of the contractor and must be rectified before the project is complete. A completed verification report will be submitted to the owner and a copy will be placed in the new fire alarm panel.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Johnson". The signature is written in a cursive, flowing style.
